

As a result of the many conferences and shows postponed and canceled there have been several missed opportunities to capture fresh content for your annual reports, social media, websites, marketing, press releases, email campaigns, email signatures and other visual needs.

When appropriate, Oscar & Associates will come to your offices to capture the marketing and branding content you missed getting at your annual conference and crucially need to convey your message.

- Social Media and YouTube Videos from leadership and staff about how your organization is preparing to meet the challenges ahead
- Photos and videos of your team in your offices emphasizing your team culture
- Pre-recorded & Live streaming updates
- Team & Group photos
- Updated Professional Board of Director, Leadership and Staff Headshots

As you reach out to your members, partners, and the press during these times and start preparing for 2021 now, more than ever, it is important to have fresh content of your leadership, your team and your culture.
